

TIPS FOR USING ALOVEEN SHAMPOO AND ALOVEEN INTENSIVE CONDITIONER

- WET THE COAT THOROUGHLY.
- APPLY ALOVEEN SHAMPOO TO SEVERAL POINTS AND MASSAGE IN GENTLY. USING A WET SPONGE CAN HELP WITH THE LATHERING ACTION.
- LEAVE ON FOR 5 MINUTES TO ALLOW THE SOOTHING PROPERTIES OF OATMEAL TO TAKE EFFECT.
- RINSE THOROUGHLY.
- APPLY ALOVEEN INTENSIVE CONDITIONER LIGHTLY TO THE COAT AT SEVERAL POINTS TO FACILITATE COVERAGE.
- MASSAGE THOROUGHLY.
- THE CONDITIONER CAN BE RINSED LIGHTLY OR LEFT ON THE COAT.
- GENTLY DRY AND BRUSH THE COAT AS NORMAL.

ALOVEEN OATMEAL SHAMPOO & CONDITIONER

FOR DRY ITCHY SKIN

Aloveen Oatmeal Shampoo and Aloveen Intensive Conditioner can be used on any dog or cat that enjoys a pleasantly fragranced, moisturised coat. The Aloveen range contains Oatmeal, which is indicated for the treatment of inflamed and irritated skin.

It is suitable for both dogs and cats.

Aloveen™

SHAMPOO AND CONDITIONER

DOGS AND CATS WITH NORMAL SKIN WILL BENEFIT FROM:

- Clean skin and fur thanks to the gently foaming shampoo base
- The soap-free, pH balanced formula that allows them to retain their natural coat oils
- A glossy coat thanks to the inclusion of emollients and moisturisers

ALOVEEN IS ALSO IDEAL FOR DOGS AND CATS WITH ALLERGIES

Pets with allergies often suffer from dry and itchy skin. Two common types of skin problems include ATOPY and CONTACT ALLERGY. Atopy is often used to refer to a condition where a pet suffers from multiple allergies, including those to various airborne pathogens, dust mites and pollens. A contact allergy can be caused by anything that the animal's skin comes into contact with, such as certain types of grasses. It usually causes irritation of the feet and belly.

Two important aspects of managing allergies can be done with Aloveen shampoo and conditioner:

- Removing the allergens (e.g. pollens) from their skin with the gently foaming shampoo base.
- Soothing and nourishing the skin with both the superfine colloidal oatmeal particles and aloe vera.

ALOVEEN INTENSIVE CONDITIONER

Aloveen Intensive Conditioner is the perfect complement to Aloveen Oatmeal Shampoo. It is designed to be left on the coat, however some pet owners may prefer to rinse the conditioner off, which is also fine. It is excellent when used between baths as a grooming aid. Aloveen Intensive Conditioner is:

- Cleansing
- Moisturising
- Soothing
- Pleasantly fragranced

Some dogs have severe allergies or other skin conditions and will also require medications from their veterinarian. Dermcare strongly encourages you to seek further veterinary advice if you feel that more treatment is required in addition to your Aloveen Oatmeal Shampoo and Aloveen Intensive Conditioner.
